Sheriff's Office.

Prince Albert, N.W.T. Dec. 10th 1891.

For the special benefit of the Immigration Committee, Board of Trade, or any others who have a desire to forward the work of inducing immigration to the Prince Albert district, this column will in future be reserved as far as possible.

The Times would feel greatly obliged to farmers and the public in general if they would endeavor to furnish us with information of this character—such as crop reports of last year's harvest, giving acreage under cultivation, quantity of grain threshed and amount sold and prices realized. All information in regard to the raising of stock of all kinds will be gladly received and published.

In fact we wish to publish every week some particulars relating to the prosperity of the town and settlement. Our agricultural friends will greatly oblige us as well as help forward the good work of fitting up our beautiful district with desirable settlers if they will assist us, as we feel sure they will, in this effort to aid the members of the Immigration Committee in their labors.

Last summer delegations innumerable visited this section of country. In many cases they were driven over the grounds yet open for settlement and a great many especially those from Dakota—entered at the Land Office for homesteads. There are yet thousands of acres of the choicest and available, and specially adapted for purposes of mixed farming. We published a short time ago the opinions of several of our Dakota newcomers who have spent the past six or seven months in Prince Albert. It is just such particulars as given by them that will attract the attention of intending settlers. Our farmers can all do something, and we again solicit their valued assistance in this work. Send all communications to the Editor, PRINCE ALBERT TIMES, Prince Albert.

Heaven is given the unsolicited testimony of a number of gentlemen comprising a delegation from the counties of Griggs and Steele in the State of North Dakota, and the R. K. district and Kennebec County, Ont. "We state that we have visited and carefully inspected and examined the country adjacent to the town of Prince Albert, and find it a very much superior site for mixed farming purposes than any other district we have hitherto inspected, and would recommend to all intending settlers the advisability of inspecting the Prince Albert district before locating elsewhere. The soil is of first quality with an abundance of good wood sufficient for all building and fuel purposes. plenty of excellent water and good hay land, and at the time of our visit crops throughout the settlement were in fair condition. Signed, Peter B. Holland, Sharon, Steele Co., N.D., Wm. Howden, Cooper town, Griggs Co., N.D., Elfr Olsen, Ottawa, Griggs Co., N.D., J. A. Bole, Pembroke, Kennebec Co., Ont., Canada, Gudmund Gudmundson, Cooper town, Griggs Co., N.D., James Phelan, Forest River, Wash. Co. N.D., R. Rutledge, Keewatin, R. River, Ont., E. W. McCut, Ottawa, Griggs Co., N.D."

We have only to add in this connection, that if this district can get its quota of those who wish this spring to be leaving Dakota, it is certain that, judging by the superior class of those former Dakotans now in our midst, whose contented feelings contrast strongly with the utterances of a local individual referred to elsewhere in these columns, our settlement will be much benefited by the impact of such a movement.

A MANITOBA EXCURSION.

Toronto, March 2.—The first Manitoba and Northwestern excursion of the season left Toronto last night. There were thirty-seven well filled cars, mostly filled with well to do farmers from Ontario, going up on a prospecting tour and intending to return in time for seeding. There were about five hundred in the excursion.—Winnipeg Free Press.

We do not know whether our local immigration committee have as yet received any sums from the usual grants made to them; we hardly think they have, but it is certainly high time that financial assistance should be given to the committee who can do very little without funds at their disposal. Would it not be a good idea for the committee to ask the Town Council to have an advertisement giving information to intending

settlers, regarding this district, inserted for the space of a month, say in one or more of the great weekly papers of the east, the Toronto Week, Empire or Globe and Montreal Witness for instance. The Manitoba and Northwest excursions from the eastern provinces are now beginning and all efforts should be put forth to attract those who will compose the excursions to visit Prince Albert.

EXTENSION OF INLAND REVENUE.

Hon. E. Dewdney and a deputation of Northwest Members and Senators waited on the Minister of Inland Revenue, on March 1st, to indicate where breweries and bonded warehouses were to be established when the new law goes into effect. Davis, of Alberta, thought Calgary, McLeod and Edmonton in his district, would have breweries. Davis suggested Moosejaw and Regina for Western Assiniboia, Percy mentioned Moosemin, Whitecourt and Qu Appelle, and Mr. Macdowell said Prince Albert and Battleford in his constituency would be the most central points. Davis advised appointments of collectors at central points, Calgary and Regina. Costigan thought it advisable to first learn what the revenue would be, whereupon it was pointed out that Winnipeg contributed half a million revenue, half of which came from the Territories. The matter, it is thought, will be settled by the appointment of an excise officer at once.

NORTH WEST GRAND ORANGE LODGE.

The following were elected Grand Officers of the above Lodge, at Regina last week:—A. G. Hamilton, Moosomin, G. M.; R. L. Alexander, Moosejaw, D. G. M.; T. J. McWilliams, Pasqua, A. D. G. M.; Rev. J. M. Harrison, Regina, G. Chaplain; F. M. Moore, Tongue, G. Treasurer; W. J. Kernahan, Prince Albert, G. Sec.; B. Barber, Wolsley, G. Dir. of Ceremonies; F. Flemming, Summerbury, G. L. Clerk; A. Marston, Regina, Deputy L. Clerk.

Grand Master Stewart Mulvey of Manitoba and the delegates were banquetted at the Waverley Hotel on Monday night. Wolsley was selected as the next place of meeting.

CURLIANA.

Pay in the matches to decide who shall become the proud possessor of the elegant gold-headed walking stick presented for competition to the Saskatchewan curling rink by Mr. J. F. Betts, M.L.A., commenced on Friday afternoon between rinks composed and skipped as follows:

Geo. Casale G. C. Macleod
Major Donaldson C. R. Stovel
G. R. Russell J. D. Mavery
J. L. Johnson skip 7 G. T. Brown skip 9

The ice was in prime condition, and the players dead in earnest and all saturated with a burning ambition to win or die. Mr. Brown's combination, by dint of downright earnest endeavor and an unusual display of skilful curling, carried the day.

On Monday morning the rinks skipped by T. N. Campbell and G. Neilson met and a fine game was played, Campbell's rink winning by three points:

S. McLeod T. H. Borthwick
A. Stevens H. McKay
J. D. Mavery J. Sanderson
T. N. Campbell skip 13 G. Neilson skip 10

In the evening the team skipped by T. E. Baker and Dr. Bain played, but the doctor's team was unfortunate, though making some very fine play. As usual, both teams had to "borrow" players to make up.

J. F. Betts Geo. Casale
H. J. Montgomery J. D. Mavery
A. R. Burns L. J. Clarke
Dr. Bain skip 3 T. E. Baker skip 12

On Tuesday Campbell's and Baker's rinks met, and a grand game was played, Mr. Campbell's team being again a winner.

Geo. Casale H. J. Starforth
A. R. Burns A. Stevens
J. L. Clarke J. D. Mavery
T. E. Baker skip 6 T. N. Campbell skip 13

INDEPENDENT ORDER FORESTERS

A meeting of the charter members of Court Saskatchewan, Independent Order of Foresters, will be held in Saskatchewan Hall on Friday evening March 11th.

Coun. Fish took his seat at the Council Board for the first time Monday evening. Mr. Fish had been east on a business trip.

FREIGHT RATES.

In a future issue we shall refer to the question of freight rates, and in the meantime invite suggestions from merchants and all interested, upon the surest and most suitable method of inducing the C. P. R. authorities to grant us relief from the present almost prohibitory export rates over the Prince Albert branch of the C. P. R. The granting of a satisfactory rate is, we believe, but a matter of time, and common sense argument on the part of the public concerned, and if properly laid before the authorities there is not the slightest doubt but the question will be fairly met and favorably considered. If we can satisfy the C. P. R. management that the revenue of this branch of their road will be materially increased by the reduction of existing export rates on such articles as we can supply for export, or that may with living rates be profitably raised and shipped from Prince Albert, it would be absurd to think that a favorable response would not be received. The C. P. R., like good many others in the Northwest, are not in the country for their health. They are here to make money and to stay, and it remains for our Board of Trade and the local press to point out to them how they can increase their wealth by adding Prince Albert to their list of export towns. This can only be done by reducing the present rates considerably; The company have not furnished us with the best train service in the world this winter, but we would gladly forego the pleasure of a Main Line equipment in that respect, if concessions in the matter of rates for export were granted. The authorities of the town have, we think, dealt most leniently with the company regarding taxes, etc., and reciprocity in these matters would be welcomed by all interested in the welfare of Prince Albert Settlement. It is gratifying to be in a position to state that the watchful eye of Mr. W. C. Van Horne has found in our columns sufficient information to justify making a successful effort to improve the irregular train service over this branch during the earlier part of the winter. We trust our merchants and those who compose the Board of Trade will study the tariff in all its bearings and be able, when necessary, to discuss dispassionately and intelligently this important question of rates. Our columns are open for expressions of opinion on the subject.

DRAW A LITTLE Milder

To the reflective mind—and it may be said there are many such among our citizens at present—the spectacle of a newspaper which has been supported and maintained by residents of a town and settlement for a number of years engaging in a warfare against the interests of those from whom it received its sustenance is certainly not one calculated to inspire confidence in the ability or inclination of its editor to work for the welfare of the district. It is hoped, however, that the humiliation attendant upon being publicly called upon by His Worship the Mayor of this town “to moderate his pessimistic utterances” will have the

effect of making the editor of the *Saskatchewan* do a little more thinking before he attempts to wake up our merchants, as he the other day expressed himself desirous of doing. The article in the *Saskatchewan* taken advantage of by the outside press is capable of doing incalculable injury to the cause of immigration not only to this district but to the whole country. We sincerely trust, and have good reason to believe that the Territorial newspapers will have the good sense to refrain from publishing our contemporary's outrageous libel upon the fair name, credit and prospects of this rising town. Messrs John Stewart, H. J. Montgomery, J. I. Johnson and others who have followed different lines of business in Prince Albert since there has been a Prince Albert, and who should know where they speak, declared most positively in public a few days ago, that no grounds whatever existed for the writing or publication of the *Saskatchewan's* remarks. On the contrary as Mr. Stewart truthfully stated, he procured his history of this town and its future prospects without a parallel in the history of any settlement. Mr. Johnson, too, whose name was mentioned as having given a case he could not make a living, positively and plainly told the editor of the *Saskatchewan* that such was far from the case. He had undoubtedly in the future of the place, and would prove it by leaving some thousands of dollars of capital invested here, and further that though he expected to leave Prince Albert he did so only that he might seek a more extended field for what all will concede his superior business abilities. D. Potter, whose departure for Kansas City was also noted and commented on, would it asked, probably respond in the same strain. We shall all miss both gentlemen very much, having been numbered among our best and most respected citizens, but the idea as suggested in the *Saskatchewan*, that they were compelled to leave on account of bad debts is not true. We incline to the belief that it is rather a complimentary sign that our country is so healthy that at least one physician can be spared to exercise his skill in the southern republic where no doubt, such services are more needed than here in the healthy Northwest. We all wish very much to extend our export trade. It can only be accomplished by a reduction in rates. This the C. P. R. have not yet undertaken to do as they should have done. That they will do so there can be little doubt, and when our exporters have a fair field, Prince Albert will advance with probably greater strides than she ever has done hitherto. There is however, a right and wrong way of going about the business of agitating for the concessions we desire and need, it must be shown the C. P. R. management that a reduction will pay them before we can expect they will accede to our demands. The company are too wide awake and too thoroughly posted about this district to be buffeted by the statements of a newspaper that their rates are driving people from the country. They know as well as the *Saskatchewan* does, if it would be honest, that for every emigrant from this country there are hundreds of immigrants coming in, and this knowledge will, if viewed in its proper light, be a great inducement for the largest reduction of rates, a condition of things that will greatly benefit the whole district of Saskatchewan, and Prince Albert in particular.

Just arrived, *Ladies' Spring Jackets* and *De Meele Wraps and Dolmans* at T. O. Davis.

TURN THE RASCAL OUT.

To the Editor of the Times.

Many persons upon reading the leading article in last week's *Saskatchewan* seriously asked the question, if something unusual had not occurred in the managing editor's upper story? I regret to say that strong grounds existed for the supposition of such a question. Indeed it is certain that a like amount of incomprehensible stupidity, contradictory statements and gross ignorance of the subject under review, never before appeared in print. But, reluctantly, I am compelled to add that this is not by any means the first time your contemporary has indulged in similar funny work. (Refer to Dakota land advertisements, etc.) When called to account by members of the Board of Trade for giving publication to such damaging and untrue statements the managing editor with an unbecomingly disingenuousness made the weak and flimsy defence, to wit, that he had overlooked the fact that his paper was not beyond the corporate limits of the town of Prince Albert, and true to his nature also remarked that selfish motives alone had actuated him in writing the chapter on the Exodus. Such assurance should disqualify the possessor of a member of the Board of Trade, and as a receiver of support from our citizens, I have heard no opinion expressed, but quite freely too, that the *Saskatchewan* newspaper (under the present management at any rate) has outlived its former usefulness, and the heroic treatment of “beyecotting” has been suggested to reach the erring editor the truth of the old saw which says, “That it's a dirty bird that fouls its own nest.”

READER.

A little lad named Jimmy Wheeler, nephew of and residing with Mr. John McTaggart, met with a serious accident on the river bank on Monday. He was riding on a sleigh loaded with sand, when a companion in play pushed him off. By some means his right leg was run over by the sleigh causing a very severe fracture just below the knee. Medical aid was summoned, the injured member properly cared for and the little sufferer is now doing as well as can be expected.

It is amusing to hear the comments upon the effusions of Asmodeus, Norval and the wonderings as to the identity of the writers. There are three little boys in the *Saskatchewan* office, who occasionally get the credit of writing these wonderful epistles, but we would not insult their intelligence by accusing them of selling time by such infantile amusement. Oh no. By late developments it would appear as if the managing editor's team was running to Asmodeus and Norval.

LOCAL HAPPENINGS

In Our Midst.

Carpenters have commenced work on R. Gwynne's new store.

See the Dress Goods at F. C. Baker's and you will buy them.

Horace Adams, of Duck Lake, paid a flying visit to Prince Albert last week.

The H. B. Co. are about to send a wheat buyer to secure the remaining wheat at Duck Lake.

F. C. Baker has just received and opened out a complete range of Spring and Summer Dry Goods.

J. L. Reid, D.L.S., has been appointed inspector for the new town hall building, at 4 per cent on cost of building.

Divine service will be held in St. Alban's church every Friday evening during Lent.

The Flannelettes, Tease Cloth, Prints, Gingham and Shirtings, at F. C. Baker's are considered the best value in town.

Peter Robertson has been appointed constable and inspector at a salary of \$800 per annum. His duties commence at once.

Sittings of the Supreme Court are advertised to take place at Duck Lake on Monday, the 21st inst., and here on the 19th of April.

Our genial friend, Mr. G. S. Davison, of the H. B. Co., left for Winnipeg on Monday on business connected with the institution he represents.

At the present time there are not more than two or three vacant houses in town. This does not look as if there had been any appreciable exodus from Prince Albert.

The merchants of Prince Albert must certainly have pretty reliable credit when a tea merchant all the way from San Francisco came this distance to do business with them.

Mr. R. McGinn was appointed a member of the Immigration Committee at a recent meeting. It will be a part of Mr. McGinn's duties in that connection to select grain for exhibition at the Winnipeg Industrial this year.

No. 2 Manitoba hard wheat was quoted at \$1.02 to \$1.04 in Montreal last week. The visible supply in Canada and U. S. east of the Rocky Mountains, on Monday last was 41,111,023 bushels, a decrease of 302,809 bushels for the previous week.

Free return tickets will be given to all delegates attending the convention of Christian Endeavor Societies which is to be held in Winnipeg on April 14th and 15th—provided a hundred or more attend from the country. See the convention bulletin for March.

A grand Grit convention is suggested by H. H. Cox, ex M.P., of Toronto, with a view to resuscitate the rapidly expiring Dominion Reform Party. Something desperate will have to be done shortly. Her Majesty will have no loyal opposition in the House of Commons.

All those who want to secure copies of the annual reports of the "Directors of the Experimental Farms" and the "Dairy Commissioners" should apply to our men at Ottawa at once, as there are not sufficient copies printed to satisfy all demands. Mr. Macdowell will gladly send to their request.

What's an exodus anyhow?

The contract for Mr. Starforth's new hotel calls for its completion by the 1st May. Sheriff Hughes evidently does not go much on exoduses. Neither does Dick Gwynne, who is erecting a store on Main Street. Nor does E. J. Cann, who will remove suit with a two story brick.

Justices Davis and Courtney's court in the Town Hall on Saturday last was well attended. The large attendance was due probably to expectation of some interesting details of a west end society event in which a gentleman and lady figured as principals. Disappointment was in store however, as the case had been settled out of court. A. H. Woolman was charged with selling liquor to a minor, the principal witness was absent, spirited away by La Corne, so Lawyer Gunn asserted. The magistrates were asked to adjourn the case until Saturday, 12th inst., and they did so. A second charge against the same party for selling drinks without license, was gone on with. Judgment was reserved until Saturday. W. V. Maclellan for defendant, and W. R. Gunn town solicitor, for the town.

OXYGENATED EMULSION OF PURE

Remember T. O. Davis has the finest Stock of Dry Goods west of Brandon.

Mr. George Goodfellow and daughter, of Glenmary, came into town on Monday last, and are the guests of Coun. Macdonald.

Black Chumby's, new and elegant, at T. O. Davis'.

The cold snap of the past few days has improved the sleighing, which was becoming very rocky under the influence of the mid weather before prevailing.

New Gimps, Pasmembre Trimmings, Huxley Hall Brads at T. O. Davis'.

Mrs. T. E. Baker, who has been visiting friends in the east during the winter months, returned home by Saturday's train.

Two hundred pieces new Prints at T. O. Davis'.

We regret to hear that Coun. Mair's appointment as a Government officer disqualifies him for holding a seat at the Council Board, and another election in No. 4 Ward will soon be in order.

Arrived at T. O. Davis' 50 pieces new stylish Dress Cloths.

We regret to hear that through a fall on a slippery platform, Mrs. J. Lestock Reid fractured an arm. Dr. Reid reduced the fracture, and the patient, we are pleased to say, is now doing well.

Fifty pieces Heavy Flannels 10 cents per yard at T. O. Davis'.

The last issue of the Northwest Gazette contains the names of the district license commissioners. For this district they are Messrs. J. Courtney and J. L. Reid, of Prince Albert, and H. Kelly of Duck Lake.

One look through T. O. Davis' Stock will convince you that he has the grippe on the Dry Goods trade.

The opportunity for skating given by the ladies is being taken advantage of by the lads and lassies of the town, who turn out in goodly numbers each evening. Next year we hope to see arrangements made so that skating can be had the whole season through.

Ladies, the Foutenbleau Dress Cloths are the latest in the market. Just arrived by express at T. O. Davis'.

Mr. Wexwood, of the Queens, has received a letter from C. A. Griggs, North Dakota, stating that he will leave Dakota for Prince Albert about the 1st of April with a hundred head of cattle. Mr. Griggs visited this district last summer to judge for himself, with the above result.

We do not belong to the grumbler's club. We have imported and are now showing the finest Stock west of Brandon at T. O. Davis'.

Dr. Spence, of Fordwich, Ont., who visited this district last year, writes to Mr. Geo. Cassie, of our town, that he leaves for Prince Albert about April 1st with a party of eight. Some of the party will go into ranching as convenient to the town as possible. These are the kind of settlers we want.

J. F. Betts, M.L.A., ex-president of the Curling Club, has presented the club with a valuable and handsome gold headed cane for competition. The cane will have to be won twice by the same individual before becoming possessor of the coveted prize. It is being played for by rinks, the winning rink to play off in single handed matches.

T. O. Davis' prices for New Goods has knocked the clearing sale endways. His sale will last all summer.

Owing to an error having been made in the election of officers at the annual meeting of the Board of Trade, which made it illegal, a new election took place, with the following result:—President, T. O. Davis; Vice-President, T. J. Agnew; Secretary, C. R. Stovel; Treasurer, E. J. Cann; Immigration Committee—T. O. Davis, J. E. Young and J. Stewart.

On Friday evening last Dr. Bain, who has been W.M. of Kinistino Lodge A.F. & A.M., for the past three years, was presented with a very handsome past master's jewel. The presentation was made by J. F. A. Sall, W.M., with a few appropriate remarks, which was replied to in a feeling manner by the genial doctor. The jewel is one of the handsomest we have ever seen, of beautiful design and suitably inscribed.

"August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used

Relieved in your August Flower and it was just two

Two Days. days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated

the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system.

Constipation While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken
